

EMERGENCY NGO is an independent and neutral international organisation founded in 1994 to provide free, high-quality medical and surgical care to victims of war, landmines and poverty. EMERGENCY promotes a culture of peace, solidarity and respect for human rights.

COUNTRIES Afghanistan, Sierra Leone, Sudan, Uganda

REQUIRED LANGUAGE English

TYPE OF CONTRACT Fixed-term contract (6 months)

POSITION Hospital Pharmacist

We are looking for a **Hospital Pharmacist** who will be in charge of the complete management of the hospital pharmacy from the order, the reception and the storage of medical supplies, to the control of suitability in the management of departments' requests.

The international Hospital Pharmacist carries out his/her role in close collaboration with the most experienced members of the local health care and technical staff in each department, so as to constantly monitor the needs of the hospital and facilitate the regular functioning of clinical, therapeutic and welfare activities.

The pharmacist is present in the hospital 6 days a week. He/she will coordinate the national staff (pharmacists and stores assistants) in the correct receipt, storage, conservation and distribution of pharmacy materials.

The main **duties and responsibilities** of the hospital pharmacist are:

- **to manage the purchases in Italy or in the field** (costs and quality evaluation, comparative analysis of similar products, selection of new products to insert in the handbook with the support of EMERGENCY's Medical Division; storage and distribution to guarantee the traceability of the items);
- **to monitor the usage** (of medical supplies, consumables or reagent) **once received the request from a department**, evaluating the consumption and the adherence to protocols in use;
- to cooperate with the coordinators of the Paediatric Centres and/or First Aid Posts, connected with the hospital for the efficient planning and management of pharmaceuticals and medical materials in use;
- to cooperate with the logistic area in the acquisition of products coming from Italy;
- **to monitor the purchase** (budget definition and monitoring);

- **to monitor the safety** in quality of drug control responsible.

Work is always carried out alongside and in collaboration with local personnel, who thus benefit from training in the field.

SPECIFIC REQUIREMENTS

- Degree in Pharmacy, Chemistry and Pharmaceutical Technology (CPT) and specialization in Hospital Pharmacy or equivalent (Pharmacology);
- **experience in the management of pharmaceutical supplies, consumables and other medical materials for hospitals and/or health centres;**
- **experience in the use of relevant management software;**
- good organisational and logistical skills.
